Long Term Student Driving Request Form

Sticker #

When possible, bus transportation is provided by each district to and from the home high school to Saline High School and other program locations (except to Huron Valley Beauty Academy). All students are expected to ride the buses when transportation is provided unless there are extenuating circumstances and permission is requested by the parent and approved by the Home High School Administration. If permission is granted, there will be four expectations in effect:

1. **There are to be no passengers to and from the Program location.**
2. The automobile is to be driven in a responsible and safe manner.
3. Park in the designated areas at the Program location (school site).
4. It is the responsibility of the student and their family to ensure that the student is covered by automobile insurance, and that they will only drive a properly insured, inspected and registered vehicle.
